Menu/Submenu Tab Descriptions

At the top of each primary webpage, with the exception of the first page *(home page)*, there is a consistent set of menu and submenu tabs. If there is a downward pointing triangle *(caret)* ▼ next to a menu tab name, the menu tab has submenu tabs. Each menu or submenu tab will allow you to move around *(navigate)* the "town square" *(website)* as you wish.

The menu tabs are “locked” at the top of each primary webpage, so if you need to scroll the webpage up to view content, the menu tabs will remain visible and in place at the top of the webpage.

Menu tabs across the top of each primary webpage:

- **Home**
- **About the CFS**
- **CFS “Town Square”**
- **CFS Membership Types**
- **Contact Support**
- **Help**
